SO YOU'VE GOT THE DIAGNOSIS, NOW WHAT?

What is NDIS and how does it work?

The National Disability Insurance Scheme (NDIS) provides funding for eligible people with disability. People that are eligible become **NDIS participants**. They are able to access funding for necessary and reasonable supports that will help them to live their lives with family, friends and the wider community, access therapeutic services and helps them to achieve their goals.

TO REGISTER:

- disability caused by impairment
- probably permanent impairment
- impairment impacts on ability to do one or more daily life activities
- impairment greatly affects ability to work, study or engage socially
